PROFESSIONAL SUMMARY

Computer Science and Engineering student with hands-on experience in Java, Python, web development, SQL, APIs, and databases. Developed practical software projects and solved 80+ programming problems on CodeChef. Seeking opportunities in software development and technology where I can apply my programming and problem-solving skills, contribute to real-world projects, and continuously grow professionally.

TECHNICAL SKILLS

Programming: Java, Python, JavaScript
Web Technologies: HTML, CSS, JavaScript, Django, REST APIs
Databases: MySQL, MongoDB, SQL
Core Concepts: OOP, Data Structures, DBMS, Problem Solving
Tools: Git, GitHub, VS Code, Chrome Extension API

TRAINING EXPERIENCE

Full Stack Development Trainee - Orionshift Private Limited
- Completed hands-on training in HTML, CSS, JavaScript, Python, and Django.
- Developed web applications with backend functionality and database integration.
- Practiced software development, debugging, and problem-solving through practical tasks.

PROJECTS

AI-Based Smart Rainwater & Groundwater Replenishment System
Python, React.js, JavaScript, SQL, GIS
- Developing a data-driven system using rainfall, groundwater, weather, soil, and geographical datasets.
- Designing a dashboard for data visualization, analysis, and water-resource recommendations.
- Connecting frontend and backend components through APIs.

AI-Based Real-Time Phishing Detection Chrome Extension
Python, JavaScript, HTML, CSS, Flask, Scikit-learn
- Developed a browser extension to analyze URL/webpage features and detect potentially suspicious websites.
- Integrated a machine-learning model with a Flask API to provide real-time predictions.

EDUCATION

B.E - Computer Science and Engineering 2023–2027
E.G.S. Pillay Engineering College, Nagapattinam

CERTIFICATIONS & ACHIEVEMENTS

- CodeChef: 80+ programming problems solved.
- Completed a Full Stack Development Bootcamp at Orionshift Private Limited.
- Completed Python training at Besant Technologies.
- Attended workshop on the topic of Internet of things at VIT, vellore.
- Attended workshop on the topic of Generative AI tools at Skill Nation.

SOFT SKILLS

- Quick Learner with adaptability
- Analytical and problem-solving skills
- Good Communication and teamwork
- Creative and Flexible thinker
